

## Histogram equalization

```
a = imread('C:\Users\ASWATH\Desktop\github\bear1.jpg');  
im = rgb2gray(a);  
output = histeq(im);  
subplot(1,2,1),imshow(a), axis on, title('image');  
subplot(1,2,2),imshow(output), axis on, title('histogram equilazed image');
```
